## YOU CAN'T FOOL THE PEOPLE.

THE Tonopah school election established the fact that when the people are thoroughly aroused they will go to the polls and manifest an interest in the conduct of the public schools. Several attempts have been made at different times during the past three months to bring together parents and taxpayers for discussion of matters of vital importance but none of these elicited the slightest encouragement and the response to the polls Saturday was proof that voters have their hearts in the right place notwithstanding superficial indifference.

However, the election Saturday was a clear out declaration to the world that politics will not be allowed to mingle with school affairs and that the voters will not countenance questionable methods to gain control of business that appeals directly to the home and fireside. The Socialists, when they found they were beaten through an outpouring of an indignant people, appealed to the law which they outraged and were the first to violate. They charged the citizens with a breach of the purity of election law by using their personal automobiles to bring voters to the polling place. In doing so they invoked protection of the very law which they were first to fracture by issuing a manifesto declaring their principles and assailing the present management of the schools. They were perfectly willing to defy a statute when they thought they would not be called to account until after they had slandered a worthy cause, filled the voters with distrust and libeled trustees who bore the brunt of the burden of construction and the introduction of higher methods that were imperatively needed to bring the Tonopah schools to the highest standard of efficiency.

The Socialists who declare the laws of Nevada are made for the rich and that the poor man has no rights showed their innate malignancy by their unprincipled actions before the election. They also were alert enough to show the white feather when it came to an actual test of strength. Instead of playing the game open and above board they ran under cover by appealing to a justice of the peace of their own political faith to help them out by using the law to coerce taxpayers into letting them run the polls to suit their own ends.

The use of automobiles was voluntary. There was not a single hired machine engaged on election day and it may be stated that there was not a single hired driver at the wheels of the machines in use. Every auto used on election day was the voluntary offering of citizens who wished to protect the schools from political rapacity and to maintain them as they always have been, free from the domination of party leaders who might use them as hot beds for proselytizing.

Tonopah is to be congratulated on the result and the fact that the vote was two to one in favor of keeping schools out of politics, and it is hoped that the misguided backers of the Socialist ticket will take the lesson to heart.

Old Glory still waves.

## VINDICATION OF TONOPAH.

A STAIN has been raised from the fair name of Tonopah by the result of the school election, and the annihilation of the Socialist party in this community. Tonopah was called the "hot bed of Socialism," the "breeding nest of Socialism," in this state. It was the home of the malcontents, and with the least excuse for it of any place in the country, for the highest wages in the world are paid right here.

The result will be beneficial to all, for people with capital were refusing to invest their money here because it could get no protection. The Socialists claimed that at the general election this fall, that the judge and all county and township officers would be elected by Socialists. With Socialist courts, sheriff officers, etc., not a dollar of money could be secured from investors for development, and the stringent efforts directed against the employers, and the liberties and laxness and unlawful favors shown Socialists would cause a suspension of operations till the misguided working man would find no work and have to leave. Capital will not, and cannot operate with anarchy and Socialism dominating their money. It is the bread and butter vote for the laboring man, to make laws and administrations that will bring money here, to be spent, and that will employ labor.

The Socialist platform may have many good points, a great

# Grand Army of the Republic

THEN and NOW

Forty-eight years ago today the first G. A. R. Post was established in Decatur, Ill. Major Benjamin F. Stephenson, surgeon of the 14th Illinois regiment, and three army friends had drawn up the constitution two months before. The secret ritual was printed by veterans in the office of the Decatur Post. The purpose of the order, its purpose was the "establishing and defense of the late soldiers of the United States, morally, socially, and politically, with a view to inculcate a proper appreciation of their services and claims by the American people." The first national encampment was held in Indianapolis, 1866. Gen. S. A. Hulbert became the first commander-in-chief.

Today there are more than 5000 G. A. R. Posts. The order reached a membership of 400,489 in 1890. Today it has been reduced by death to less than 170,000. The death rate is becoming higher each year, for the veterans of the Civil War now have an average age of 69 years. The G. A. R. has held a national encampment every year excepting in 1867, and has gathered in nearly every important city in the country. It was the originator of May 30 as Memorial Day, beginning in 1868. Some of the nation's most distinguished soldiers have been commanders-in-chief: Generals Burnside, Logan, Hurlbut, Hartman, Alger, Devens, Wagner, and Robinson of the regular army.

many, but the radical, envious, narrow-minded malcontents will never be permitted to dominate a country. The good points will be adopted from time to time as conditions demand, by the other parties, just as the parcels post was installed by the last Republican administration; it was a good point for public good that had been considered for many years, but it was impractical under Washington, Adams, Jefferson and Lincoln administrations, for the means of transportation were insufficient, but when the conditions were ripe, the Taft administration installed it. The side show, whether it be called, Populists, Greenbackers, Grangers, Socialists, or any other name, may criticize and find fault, but the remedy can come from only the old parties, who change their platforms as they outgrow their old clothes.

## KNOX TAKES OVER OLD WORLD'S FAIR MINE

SILVER-LEAD PROPERTY SHIPPING AT RATE OF 50 TONS DAILY.

According to a report from Arizona, Charles E. Knox, president and general manager of the Montana-Tonopah, and A. Y. Smith, formerly general manager of the Prince Consolidated, have taken over the old World's Fair mine at Patagonia, Arizona, and have started shipping ore. The property is an old one and has a record as a producer of high-grade lead-silver ore.

The new management has started shipping at the rate of 50 tons of ore a day. There is considerable water in the lower levels of the property, but pumps will shortly be put in and it is expected that before long the old levels will be opened up.

For some time the mine was under option to the Phelps-Dodge people for \$500,000. This option was given up a short time ago and Knox and Smith decided to take the mine over.

POSTOFFICE SITE TO BE SELECTED AT GOLDFIELD

J. H. Fleming, site agent of the United States treasury department, with headquarters in Phoenix, Arizona, arrived in Goldfield Saturday morning for the purpose of selecting a site for the erection by the government of a postoffice building, an appropriation of \$75,000 for which purpose was made by congress in 1911.

The bill making hunting on Sunday a misdemeanor punishable by a \$25 fine, was passed in the New York assembly.
